VOLUME 7. MARYVILLE, MISSOURI, THURSDAY, APR. 19, 1917. NO. 274.

J. M. M'DONALD IS RE-ELECTED

IS CHOSEN SUPERINTENDENT OF SCHOOLS FOR ANOTHER YEAR.

TEACHERS SALARIES RAISED 10 PER CENT

All Instructors Retained Excepting Miss Rooker and Miss Wren, Who Did Not Apply.

All of the present teachers of the high school and the grades were re-elected for the coming year by the school board in session last night with the exception of Miss Mary Rooker and Miss Edith Wren, who did not apply. The salary of every teacher was raised, the increase amounting to $2,000 a year.

J. M. McDonald was again selected as superintendent at an advance in salary of $150 a year. His present salary is $1,500. Mr. McDonald has been in charge of the public schools here for a year and has given satisfaction.

R. M. Magee was re-appointed as principal of the high school at a salary of $140 a month.

The high school teachers re-elected and their salaries are:

Alicia Keeler, $87.50; Laura Hawkins, $87.50; Mabel Wells, $82.50; Lois Bailey, $80; Dora Carpenter, $80; L. J. Shultz, $100; C. J. Burger, $85.

The grade teachers selected and their salaries are:

Ada Albert, $71.50; Dena Hartman $71.50; Julia Denny, $71.50; Ella F[illegible]rigg, $60.50; Myrtle Hogue, $60.50; Dale Hulet, $60.50; Elizabeth Cook, $60.50; Mamie Kane, $71.50; Allie Wurst, $66; Cora Gebr, $60.50; Hazel Vandervoort, $60.50; Gertrude Blair, $60.50; Bertha Northcutt, $66; Lois Farmer, $60.50; Mrs. Lizzeta Gray, $60.50; Nelle Hudson, $71.50; Edna Bonewitz, $71.50; Mary Ford, $77.

E. O. Boone was re-appointed at the Douglass colored school at a salary of $65.

The high school teachers, as well as the grade teachers, are requested to attend a summer school session lasting six weeks this summer by the board.

The teachers here have been underpaid in comparison with the teachers in other towns the size of Maryville, and since small town schools as well as rural schools are paying $55, $60, and $65 for teachers, the board decided that every one of them should be raised. It has been the custom of the board to increase the salary of a teacher according to the length of her service but this year this increase was made and added a ten per cent raise on every teachers' salary.

The board requests that contracts be signed within the next ten days.

Will Spend Summer in Virginia.

Miss Edith Wren, who did not apply for her position as a teacher of chemistry at the Maryville High school, has made no definite plans for the future. She will spend the summer at her home at Chilhowie, Va.

5 SCHOOLS ARE ENTERED

Indications Are That More Schools Than Ever Will Compete in Track Events—Literary Entries, Too.

Although the time limit on entires for the track meet does not expire until Saturday night, five schools have already sent in their entry blanks. As a rule, few entries are received before Friday. If the number of entries already received may be taken as an indication, there will be more schools entered than ever before.

Last year twenty schools took part in the meet. All of these are expected to return this year, and several schools that were not present last year have signified their intention of coming this year. Of the five schools already entered for the meet, three did not take part last year. The new schools are Pattonsburg, Rosendale, and Bolckow. The other schools entered are Bethany and Gallatin.

The schools entered last year were Albany, Benton High of St. Joseph, Bethany, Bosworth, Breckenridge, Chillicothe, Gallatin, Grant City, Liberty, Maitland, Maryville, Mound City, New Hampton, Platte City, Ridgeway, Savannah, Stanberry, St. Joseph (Central), Trenton and Weston. All of these are expected to attend this year.

Prof. H. P. Swinehart has also received two entries in the essay contest. The contestants in the other literary contests will be chosen Friday night at the preliminary contests of the four subdivisions of the district.

TO TEACH IN GIRLS' SCHOOL

Miss Mary Rooker Accepts Position as Teacher of Science at Galloway College, Searcy, Ark.

Miss Mary Rooker of Triplett, Mo., who has been a teacher of mathematics in the Maryville High School for the last three years, has accepted a position in Galloway College at Searcy, Ark., for next year.

Miss Rooker did not apply for her position at the high school for next year as her new work offers a field for greater advancement and also a substantial increase in salary. She is considered one of the best teachers ever employed in Maryville High School and her departure will be sincerely regretted not only by the school board but by the other teachers and the students.

Galloway College is one of the largest girls' colleges in Arkansas and Miss Rooker will teach chemistry and botany instead of mathematics.

Monday morning Edwards' Cafe will open for business in their new location, that recently occupied by the Farmers Trust Company. The cafe will not be open for business in the morning and the rest of the week will be utilized in moving to the new location, which has been completely refinished and remodeled. New mirrors have been placed around the side walls and the walls and ceiling have been finished in a rich color and other improvements made.

At the opening of the new place next Monday morning Mr. Edwards says that he expects to show the most inviting eating place that Maryville has yet had. No pains will be spared to make the surroundings pleasant and the service will be equal to that of the larger cities.

PLAY 'OUR NATIONAL HYMN'

Mr. Oberhoffer Closes Symphony Program With "The Star Spangled Banner"—Audience Joins.

A remarkable demonstration of patriotism and loyalty to the United States was seen last night at the close of last night's symphony orchestra program when the fifty-five men of all nationalities comprising the orchestra rose and played "The Star Spangled Banner."

Under the magnetic leadership of Mr. Oberhoffer the strains took on a new meaning, and it was not long until half of the audience had joined in the song. Vigorous hand clapping gave evidence of the appreciation with which the listeners heard the national hymn.

A FEAST OF MUSIC

SYMPHONY ORCHESTRA PLAYS TO LARGE CROWD IN EVENING.

SOLO WORK A FEATURE

Richard Czerwonky, Miss Stevenson, Mr. Van Vliet and Others Give Delightful Numbers.

Maryville's music feast ended last night, but the memories of the overtures, symphonies and solos given by the Minneapolis Symphony orchestra will remain long in the minds of the persons who heard them.

The afternoon concert was attended by a small crowd, but at the evening program the Normal auditorium was about two-thirds filled, those attending having come from many of the surrounding towns.

Vocalists for the Afternoon.

Miss Jean Cooper and Warren Proctor, who were so pleasing in the recital Tuesday evening were the vocal soloists for the afternoon, and Richard Czerwonky gave three numbers on the violin, two of which, played with the harp accompaniment were heavenly, to use the expression of many who heard them. One of Mr. Czerwonky's encores was a Serenade composed by himself and widely used as a solo number in many of the symphony orchestras of the United States.

Of the afternoon numbers played by the orchestra the Symphonic poem, "Omphale's Spinning Wheel," (Saint-Saens), appeared to be the favorite number with the audience. This number was exquisitely rendered and showed the wonderful control which Mr. Oberhoffer, the conductor, exercises over his players.

The "Peer Gynt" Suite by Grieg, and a character piece, "In the Spinning Room," by Dvorak, were also gems of harmony in the hands of the conductor and his players.

The Evening Program.

The evening program was a contrast to the afternoon's offering in that all of the night pieces enabled the orchestra to show the real reason for its existence, i. e., for the production of the compositions which masters have written for orchestration alone.

The symphony in E Minor by Tschaikowsky with its four parts was brilliantly played as were the Overture, "Sakuntala," by Goldmark and the Roumanian Rhapsody by Enesco. Perhaps the masterpiece of the evening in tone production was the "Finale to "Rheingold," (Entrance of the Gods into Walhalla), (Wagner), which elicited the most enthusiastic appreciation from the audience.

A favorite soloist, who has already made his power felt in Maryville was Cornelius Van Vliet, who gave a Concerto for the Violincello in A Minor (Von Coens). Two encores were graciously responded to with selections accompanied by the harp.

In the absence of Royal Dadmun, who could not sing on account of illness, Warren Proctor sang the "Flower Song" from Carmen, responding to an encore.

Miss Lucile Stevenson, soprano, appeared for the first time instead of Marie Kaiser, who is not making the spring tour. She gave the "Ave Marie," from the "Cross of Fire," by Bruch, and then responded to the applause of her hearers with "The Land of Sky Blue Water." Some one in the audience said that Miss Stevenson sang like a bird and this most ideally expressed the effect of the clear bell-like tones of her voice and the ease with which she sang her selections.

MAY LEAVE SCHOOL

SCHOOL BOARD PERMITS BOYS OVER 14 TO WORK ON FARMS.

MUST GET JOBS FIRST

Permission of Parents and Affidavit Showing That Work Was Done Are Also Requisites.

All boys more than 14 years old in the public schools will be allowed to leave school and work on the farms in order to help in the food conservation campaign. This was decided at the meeting of the school board last night.

According to the decision of the board, the grades of these boys will be based on the work which they are doing at the time they leave school. The following conditions must be met by those desiring to assist the United States in winning the war with Germany:

1. They must secure a position on a farm as helper in raising food products, which position must keep them employed until the close of the school on May 25, 1917.

2. They must file written permission from their parents with the superintendent of schools, giving the parents' consent to their withdrawal from school.

3. They must present conclusive evidence to the superintendent that they have already secured a position before asking to be excused from school.

4. They must present to the superintendent, immediately after the close of school and not later than June 15, 1917, an affidavit from their employer stating that they have been constantly employed from the day they leave school until May 25.

5. When all the above conditions have been fulfiled, credit for the entire semester will be given on the basis of the grades made during the semester up to the day of leaving school.

6. All arrangements must be made with the superintendent.

The following boys have already put in their applications to leave school and to work on the farm:

James Robinson, Jr., Ralph Wray, Joe Kemp, Russell Woodward, Claud Pierpont and Cecil Bell.

GERMANY'S LOSSES

ESTIMATE IS 150,000 MEN KILLED, WOUNDED AND CAPTURED.

NEVILLE'S MEN ADVANCE

Now Only Five Miles From Laon, One of the Chief Supporting Points of Hindenburg Line.

Special to The Democrat-Forum.

Paris, April 19.—Nearly a quarter of a million men were hurled against the French lines between Soissons and Auberiv last night by the Germans in a terrific counter offensive. All attacks were repulsed, however, the war office announced. At points where the French made new attacks, more territory was wrested from the Teutons.

Paris, April 19.—General Neville's French army is only five miles from the German fortress of Laon, one of the chief supporting points at the south end of the Hindenburg line. The city is being bombarded. Conflagrations north and south of the Aisne reigned furiously all night. Appalling losses have been inflicted upon the Germans in the last three days. It is unofficially estimated that the Crown Prince has lost hundred and fifty thousand men in killed, wounded and captured. The field is covered with corpses, some of which have been embedded in mud for seventy-two hours.

Push Back Hindenburg Lines.

London, April 19.—Having captured nearly twenty thousand Germans in three days' fighting and advanced their lines at many places from four to six miles, the Anglo-French armies today concentrated heavy pressure against salients on the Teutonic line on the Arras front and the Aisne river line.

North of the Aisne the entire Hindenburg line has been bulged back from the valley which the French hold and the German line at this point has been penetrated over four miles. The Allies have taken about ten additional villages, driving the German defenders off in disorder.

London, April 19.—The war office issued a bulletin today saying that no important events had occurred on the British front. The sinking of additional allied hospital ships by German submarines was announced in the House of Commons today, by the chancellor.

Under the new state road laws district road overseers are to be held strictly accountable for the collection of the poll tax in their districts. This tax is $2. The following is the law:

"Sec. 32. All men between the ages of twenty-one and sixty years shall be considered able bodied unless exempted by the county court, and such exemptions shall be for life or for a specified time as in the judgment of the court may be right and proper. All applicants for such exemptions shall be examined by the county physician, when required by the court, and by the members of the court, if they see fit, and after such examination the court may authorize the county clerk to issue to such applicant a certificate of exemption in accordance with the provisions of this act."

"In no event shall there be any cost charged against the applicant for such examination, if the application be granted. Where the exemptions are granted the county clerk shall keep a record of them and when they expire. No man shall be permitted to set up the fact that he is not ablebodied in defense of any action brought against him for non-payment of his poll tax unless he has in force at the time the suit is brought a certificate of exemption granted by the county court. Parties who are granted exemption papers shall hereafter pay to the road overseer a poll tax of 50 cents."

URGES INTENSIVE PLANTING

Dr. E. A. Miller of Hopkins Chooses C. E. Donlin and W. E. Moorhead to Aid in Food Campaign.

Dr. E. A. Miller, chairman of the Hopkins township food conservation committee has selected C. E. Donlin and W. E. Moorhead as the other two members of that committee. The following is from this week's Journal:

"Hopkins as well as the territory surrounding the town should buckle on the armor and see that every foot of available ground is planted to something. Mayor Donlin says ends of unused streets will be turned over to parties who may wish to place same in a state of cultivation. All vacant lots should be plowed up and planted. The Burlington is offering its right of way to any who may want to cultivate same, and we are glad to note that the right of way adjoining Hopkins on the south has been plowed up and planted in potatoes by local people. Those who practice economy can help in this campaign as much as the producers, saving what is produced being a factor to be strongly emphasized. Preparations should be made to can plenty of peas, beans, tomatoes and all kinds of vegetables and fruits. Cans are high and those who have cans to spare should sell them to their neighbors at a reasonable price or loan them. At least one Hopkins lady has been successful in canning beans and corn without the use of acid and this recipe together with others will be published later. The local committee also expect to have a big gathering later when a demonstrator from some domestic science school will come before us in a public gathering to help plan the best methods of conserving or saving what has or will be produced."

GERMAN U-BOATS LURKING NEAR

BELIEVED TO BE WAITING FOR CERTAIN AMERICAN VESSELS.

WILL NOT ATTACK ALL OUT-GOING SHIPS

Officials Believe That Limited Supply of Torpedoes Will Keep Them From Indiscriminate Firing.

Special to The Democrat-Forum.

Washington, April 19.—Four German submarines are in American waters today, according to information received in navy circles. Officials expressed the belief that these submarines were sent to this side for a specific purpose. They believe they will be in waiting for certain vessels and because they have only a limited supply of torpedoes they are not expected to attack ships indiscriminately. Officials believe that the torpedo fired at the Smith was due to the fact the submarine commander realized that he was discovered.

The navy department is without further word of firing heard at Cape Cod yesterday. The officials refused to express an opinion.

Apparently in an effort to abstract some naval secrets supposed to have been left in the room, the quarters of the senate naval affairs committee in the capitol were broken into some time during the night.

Time for the Bedbugs.

Pickering has no hotel now so we run no risk in telling the story of a traveling man who once stopped at a hotel in a town about the size of this one, but it wasn't Pickering, remember, and the traveling man wasn't big Bill Toel, that is, we guess it wasn't. Anyway, it was a dreary, uninviting prospect and the landlord was as frayed and down at the heel as his hostelry. Bill, we mean the guest, came down stairs the next morning fuming with indignation and tackled the boniface. "I didn't sleep a wink all night," he roared. "I want to tell you there are bedbugs in that room." "Well," said the landlord as he absent-mindedly pulled at his whiskers, "it's gettin' time of year for them."—Pickering Pick-ups in Hopkins Journal.

FORCED TO BE "BONE DRY"

Several Counties in Southern Missouri are Refused Shipments of Liquor by R .R. and Express Cos.

The following dispatch from Springfield, Mo., about several local option counties in that part of the state being "bone dry," might be of interest to the people of this county:

Southern Missouri counties traversed by the St. Louis & San Francisco Railroad are having a touch of "bone dry" conditions, as a result of the refusal of the railroad company and the express companies operating on its lines to make deliveries of intoxicating liquors. The order also hits wholesale liquor houses of Springfield whose mail order business is confined almost solely to local option counties in this section since "bone dry" laws of adjoining states have shut them out.

The "drouth" in almost a score of counties touched only by the railroad was brought on by Will Green, prosecuting attorney of Howell county. In a careful study of the local option laws, he raised the point that there is not a clause offering a railroad or an express company a defense for making delivery of liquor shipments in local option counties.

He served notice on the railroad and the Southern Express company that a continuance of the practice of agents delivering liquor shipments to consignees would result in prosecutions. The question was put to the legal departments of the railroad and express company and the order prohibiting agents in local option counties delivering the packages of liquor followed. Prosecutor Green has been joined in his interpretation of the law by prosecutors in other local option counties.

The railroad is not refusing to accept liquor shipments, not wishing to assume liability, but all are accepted "at shippers' risk."

A MARYVILLE MAN'S EXPERIENCE

Can You Doubt the Evidence of This Maryville Citizen?

You can verify Maryville indorsement.

Read this:

J. N. Bryan, retired farmer, 222 Eleventh street, Maryville, says: "At one time I was having trouble from my back and kidneys. I had an intense soreness just through the small of my back which gave me great pain when I tried to bend over or straighten up quickly. My kidneys acted so frequently that it weakened me. I saw Doan's Kidney Pills advertised and bought some from Love & Gaugh's drug store. Right from the first I found relief and as I continued using them I was entirely relieved of that trouble. It has been quite awhile now since I have needed to use Doan's Kidney Pills so I know the benefit is lasting."

J. M. M'DONALD IS RE-ELECTED

IS CHOSEN SUPERINTENDENT OF SCHOOLS FOR ANOTHER YEAR.

TEACHERS SALARIES RAISED 10 PER CENT

All Instructors Retained Excepting Miss Rooker and Miss Wren, Who Did Not Apply.

All of the present teachers of the high school and the grades were re-elected for the coming year by the school board in session last night with the exception of Miss Mary Rooker and Miss Edith Wren, who did not apply. The salary of every teacher was raised, the increase amounting to $2,000 a year.

J. M. McDonald was again selected as superintendent at an advance in salary of $150 a year. His present salary is $1,500. Mr. McDonald has been in charge of the public schools here for a year and has given satisfaction.

R. M. Magee was re-appointed as principal of the high school at a salary of $140 a month.

The high school teachers re-elected and their salaries are:

Alicia Keeler, $87.50; Laura Hawkins, $87.50; Mabel Wells, $82.50; Lois Hailey, $80; Dora Carpenter, $80; L. J. Shultz, $100; C. J. Burger, $85.

The grade teachers selected and their salaries are:

Ada Albert, $71.50; Dena Hartman, $71.50; Julia Denny, $71.50; Ella Fairrigg, $60.50; Myrtle Hogue, $60.50; Dale Hulet, $60.50; Elizabeth Cook, $60.50; Mamie Kane, $71.50; Allie Wurst, $66; Cora Gehr, $60.50; Hazel Vandervoort, $60.50; Gertrude Blair, $60.50; Bertha Northcutt, $66; Lois Farmer, $60.50; Mrs. Lizzeta Gray, $60.50; Nelle Hudson, $71.50; Edna Bonewitz, $71.50; Mary Ford, $77.

E. O. Boone was re-appointed at the Douglass colored school at a salary of $65.

The high school teachers, as well as the grade teachers, are requested to attend a summer school session lasting six weeks this summer by the board.

The teachers here have been underpaid in comparison with the teachers in other towns the size of Maryville, and since small town schools as well as rural schools are paying $55, $60, and $65 for teachers, the board decided that every one of them should be raised. It has been the custom of the board to increase the salary of a teacher according to the length of her service but this year this increase was made and added a ten per cent raise on every teachers' salary.

The board requests that contracts be signed within the next ten days.

Will Spend Summer in Virginia.

Miss Edith Wren, who did not apply for her position as a teacher of chemistry at the Maryville High school, has made no definite plans for the future. She will spend the summer at her home at Chilhowie, Va.

5 SCHOOLS ARE ENTERED

Indications Are That More Schools Than Ever Will Compete In Track Events—Literary Entries, Too.

Although the time limit on entires for the track meet does not expire until Saturday night, five schools have already sent in their entry blanks. As a rule, few entries are received before Friday. If the number of entries already received may be taken as an indication, there will be more schools entered than ever before.

Last year twenty schools took part in the meet. All of these are expected to return this year, and several schools that were not present last year have signified their intention of coming this year. Of the five schools already entered for the meet, three did not take part last year. The new schools are Pattonsburg, Rosendale, and Bolckow. The other schools entered are Bethany and Gallatin.

The schools entered last year were Albany, Benton High of St. Joseph, Bethany, Bosworth, Breckenridge, Chillicothe, Gallatin, Grant City, Liberty, Maitland, Maryville, Mound City, New Hampton, Platte City, Ridgeway, Savannah, Stanberry, St. Joseph (Central), Trenton and Weston. All of these are expected to attend this year.

Prof. H. P. Swinehart has also received two entries in the essay contest. The contestants in the other literary contests will be chosen Friday night at the preliminary contests of the four subdivisions of the district.

TO TEACH IN GIRLS' SCHOOL

Miss Mary Rooker Accepts Position as Teacher of Science at Galloway College, Searcy, Ark.

Miss Mary Rooker of Triplett, Mo., who has been a teacher of mathematics in the Maryville High School for the last three years, has accepted a position in Galloway College at Searcy, Ark., for next year.

Miss Rooker did not apply for her position at the high school for next year as her new work offers a field for greater advancement and also a substantial increase in salary. She is considered one of the best teachers ever employed in Maryville High School and her departure will be sincerely regretted not only by the school board but by the other teachers and the students.

Galloway College is one of the largest girls' colleges in Arkansas and Miss Rooker will teach chemistry and botany instead of mathematics.

TO MOVE TO NEW LOCATION

Edwards' Cafe Expects to Have One of Finest Eating Places in Maryville After This Week.

Monday morning Edwards' Cafe will open for business in their new location, that recently occupied by the Farmers Trust Company. The cafe will not be open for business in the morning and the rest of the week will be utilized in moving to the new location, which has been completely refinished and remodeled. New mirrors have been placed around the side walls and the walls and ceiling have been finished in a rich color and other improvements made.

At the opening of the new place next Monday morning Mr. Edwards says that he expects to show the most inviting eating place that Maryville has yet had. No pains will be spared to make the surroundings pleasant and the service will be equal to that of the larger cities.

PLAY 'OUR NATIONAL HYMN'

Mr. Oberhoffer Closes Symphony Program With "The Star Spangled Banner"—Audience Joins.

A remarkable demonstration of patriotism and loyalty to the United States was seen last night at the close of last night's symphony orchestra program when the fifty-five men of all nationalities comprising the orchestra rose and played "The Star Spangled Banner."

Under the magnetic leadership of Mr. Oberhoffer the strains took on a new meaning, and it was not long until half of the audience had joined in the song. Vigorous hand clapping gave evidence of the appreciation with which the listeners heard the national hymn.

A FEAST OF MUSIC

SYMPHONY ORCHESTRA PLAYS TO LARGE CROWD IN EVENING.

SOLO WORK A FEATURE

Richard Czerwonky, Miss Stevenson, Mr. Van Vliet and Others Give Delightful Numbers.

Maryville's music feast ended last night, but the memories of the overtures, symphonies and solos given by the Minneapolis Symphony orchestra will remain long in the minds of the persons who heard them.

The afternoon concert was attended by a small crowd, but at the evening program the Normal auditorium was about two-thirds filled, those attending having come from many of the surrounding towns.

Vocalists for the Afternoon.

Miss Jean Cooper and Warren Proctor, who were so pleasing in the recital Tuesday evening were the vocal soloists for the afternoon, and Richard Czerwonky gave three numbers on the violin, two of which, played with the harp accompaniment were heavenly, to use the expression of many who heard them. One of Mr. Czerwonky's encores was a Serenade composed by himself and widely used as a solo number in many of the symphony orchestras of the United States.

Of the afternoon numbers played by the orchestra the Symphonic poem, "Omphale's Spinning Wheel," (Saint-Saens), appeared to be the favorite number with the audience. This number was exquisitely rendered and showed the wonderful control which Mr. Oberhoffer, the conductor, exercises over his players.

The "Peer Gynt" Suite by Grieg, and a character piece, "In the Spinning Room," by Dvorak, were also gems of harmony in the hands of the conductor and his players.

The Evening Program.

The evening program was a contrast to the afternoon's offering in that all of the night pieces enabled the orchestra to show the real reason for its existence, i. e., for the production of the compositions which masters have written for orchestration alone.

The symphony in E Minor by Tschaikowsky with its four parts was brilliantly played as were the Overture, "Sakuntala," by Goldmark and the Roumanian Rhapsody by Enesco. Perhaps the masterpiece of the evening in tone production was the "Finale to "Rheingold," (Entrance of the Gods into Walhalla), (Wagner), which elicited the most enthusiastic appreciation from the audience.

A favorite soloist, who has already made his power felt in Maryville was Cornelius Van Vliet, who gave a Concerto for the Violincello in A Minor (Von Coens). Two encores were graciously responded to with selections accompanied by the harp.

In the absence of Royal Dadmun, who could not sing on account of illness, Warren Proctor sang the "Flower Song" from Carmen, responding to an encore.

Miss Lucile Stevenson, soprano, appeared for the first time instead of Marie Kaiser, who is not making the spring tour. She gave the "Ave Marie," from the "Cross of Fire," by Bruch, and then responded to the applause of her hearers with "The Land of Sky Blue Water." Some one in the audience said that Miss Stevenson sang like a bird and this most ideally expressed the effect of the clear bell-like tones of her voice and the ease with which she sang her selections.

MAY LEAVE SCHOOL

SCHOOL BOARD PERMITS BOYS OVER 14 TO WORK ON FARMS.

MUST GET JOBS FIRST

Permission of Parents and Affidavit Showing That Work Was Done Are Also Requisites.

All boys more than 14 years old in the public schools will be allowed to leave school and work on the farms in order to help in the food conservation campaign. This was decided at the meeting of the school board last night.

According to the decision of the board, the grades of these boys will be based on the work which they are doing at the time they leave school. The following conditions must be met by those desiring to assist the United States in winning the war with Germany:

1. They must secure a position on a farm as helper in raising food products, which position must keep them employed until the close of the school on May 25, 1917.

2. They must file written permission from their parents with the superintendent of schools, giving the parents' consent to their withdrawal from school.

3. They must present conclusive evidence to the superintendent that they have already secured a position before asking to be excused from school.

4. They must present to the superintendent, immediately after the close of school and not later than June 15, 1917, an affidavit from their employer stating that they have been constantly employed from the day they leave school until May 25.

5. When all the above conditions have been fulfilled, credit for the entire semester will be given on the basis of the grades made during the semester up to the day of leaving school.

6. All arrangements must be made with the superintendent.

The following boys have already put in their applications to leave school and to work on the farm:

James Robinson, Jr., Ralph Wray, Joe Kemp, Russell Woodward, Claud Pierpoint and Cecil Bell.

GERMANY'S LOSSES

ESTIMATE IS 150,000 MEN KILLED, WOUNDED AND CAPTURED.

NEVILLE'S MEN ADVANCE

Now Only Five Miles From Laon, One of the Chief Supporting Points of Hindenburg Line.

Special to The Democrat-Forum.

Paris, April 19.—Nearly a quarter of a million men were hurled against the French lines between Soissons and Auberiv last night by the Germans in a terrific counter offensive. All attacks were repulsed, however, the war office announced. At points where the French made new attacks, more territory was wrested from the Teutons.

Paris, April 19.—General Neville's French army is only five miles from the German fortress of Laon, one of the chief supporting points at the south end of the Hindenburg line. The city is being bombarded. Conflagrations north and south of the Aisne reigned furiously all night. Appalling losses have been inflicted upon the Germans in the last three days. It is unofficially estimated that the Crown Prince has lost hundred and fifty thousand men in killed, wounded and captured. The field is covered with corpses, some of which have been embedded in mud for seventy-two hours.

Push Back Hindenburg Lines.

London, April 19.—Having captured nearly twenty thousand Germans in three days' fighting and advanced their lines at many places from four to six miles, the Anglo-French armies today concentrated heavy pressure against salients on the Teutonic line on the Arras front and the Aisne river line.

North of the Aisne the entire Hindenburg line has been bulged back from the valley which the French hold and the German line at this point has been penetrated over four miles. The Allies have taken about ten additional villages, driving the German defenders off in disorder.

London, April 19.—The war office issued a bulletin today saying that no important events had occurred on the British front. The sinking of additional allied hospital ships by German submarines was announced in the House of Commons today, by the chancellor.

All applicants for such exemptions shall be examined by the county physician, when required by the court, and by the members of the court, if they see fit, and after such examination the court may authorize the county clerk to issue to such applicant a certificate of exemption in accordance with the provisions of this act."

"In no event shall there be any cost charged against the applicant for such examination, if the application be granted. Where the exemptions are granted the county clerk shall keep a record of them and when they expire. No man shall be permitted to set up the fact that he is not ablebodied in defense of any action brought against him for non-payment of his poll tax unless he has in force at the time the suit is brought a certificate of exemption granted by the county court. URGES INTENSIVE PLANTING

Dr. E. A. Miller of Hopkins Chooses C. E. Donlin and W. E. Moorhead to Aid in Food Campaign.

Dr. E. A. Miller, chairman of the Hopkins township food conservation committee has selected C. E. Donlin and W. E. Moorhead as the other two members of that committee. The following is from this week's Journal:

"Hopkins as well as the territory surrounding the town should buckle on the armor and see that every foot of available ground is planted to something. Mayor Donlin says ends of unused streets will be turned over to parties who may wish to place same in a state of cultivation. All vacant lots should be plowed up and planted. The Burlington is offering its right of way to any who may want to cultivate same, and we are glad to note that the right of way adjoining Hopkins on the south has been plowed up and planted in potatoes by local people. Those who practice economy can help in this campaign as much as the producers, saving what is produced being a factor to be strongly emphasized. Preparations should be made to can plenty of peas, beans, tomatoes and all kinds of vegetables and fruits. Cans are high and those who have cans to spare should sell them to their neighbors at a reasonable price or loan them. At least one Hopkins lady has been successful in canning beans and corn without the use of acid and this recipe together with others will be published later. The local committee also expect to have a big gathering later when a demonstrator from some domestic science school will come before us in a public gathering to help plan the best methods of conserving or saving what has or will be produced."

GERMAN U-BOATS LURKING NEAR

BELIEVED TO BE WAITING FOR CERTAIN AMERICAN VESSELS.

WILL NOT ATTACK ALL OUT-GOING SHIPS

Officials Believe That Limited Supply of Torpedoes Will Keep Them From Indiscriminate Firing.

Special to The Democrat-Forum.

Washington, April 19.—Four German submarines are in American waters today, according to information received in navy circles. Officials expressed the belief that these submarines were sent to this side for a specific purpose. They believe they will be in waiting for certain vessels and because they have only a limited supply of torpedoes they are not expected to attack ships indiscriminately. Officials believe that the torpedo fired at the Smith was due to the fact the submarine commander realized that he was discovered.

The navy department is without further word of firing heard at Cape Cod yesterday. The officials refused to express an opinion.

Apparently in an effort to abstract some naval secrets supposed to have been left in the room, the quarters of the senate naval affairs committee in the capitol were broken into some time during the night.

FOR A SET OF PICTURES TAKEN EACH YEAR OF YOUR LIFE? Most people would gladly pay far more than the pictures would cost.

Why not start now and keep a photographic record of baby's growth? It's so easy, and the expense is so little.

If you prefer I will call at your home and make the pictures with my equipment. If you are not acquainted with the class of work I do, I invite you to investigate my ability.

Time for the Bedbugs.

Pickering has no hotel now so we run no risk in telling the story of a traveling man who once stopped at a hotel in a town about the size of this one, but it wasn't Pickering, remember, and the traveling man wasn't big Bill Toel, that is, we guess it wasn't. Anyway, it was a dreary, uninviting prospect and the landlord was as frayed and down at the heel as his hostelry. Bill, we mean the guest, came down stairs the next morning fuming with indignation and tackled the boniface. "I didn't sleep a wink all night," he roared. "I want to tell you there are bedbugs in that room." "Well," said the landlord as he absent-mindedly pulled at his whiskers, "it's gettin' time of year for them."—Pickering Pick-ups in Hopkins Journal.

FORCED TO BE "BONE DRY"

Several Counties in Southern Missouri are Refused Shipments of Liquor by R .R. and Express Cos.

The following dispatch from Springfield, Mo., about several local option counties in that part of the state being "bone dry," might be of interest to the people of this county:

Southern Missouri counties traversed by the St. Louis & San Francisco Railroad are having a touch of "bone dry" conditions, as a result of the refusal of the railroad company and the express companies operating on its lines to make deliveries of intoxicating liquors. The order also hits wholesale liquor houses of Springfield whose mail order business is confined almost solely to local option counties in this section since "bone dry" laws of adjoining states have shut them out.

The "drouth" in almost a score of counties touched only by the railroad was brought on by Will Green, prosecuting attorney of Howell county. In a careful study of the local option laws, he raised the point that there is not a clause offering a railroad or an express company a defense for making delivery of liquor shipments in local option counties.

He served notice on the railroad and the Southern Express company that a continuance of the practice of agents delivering liquor shipments to consignees would result in prosecutions. The question was put to the legal departments of the railroad and express company and the order prohibiting agents in local option counties delivering the packages of liquor followed. Prosecutor Green has been joined in his interpretation of the law by prosecutors in other local option counties.

The railroad is not refusing to accept liquor shipments, not wishing to assume liability, but all are accepted "at shippers' risk."

A MARYVILLE MAN'S EXPERIENCE

Can You Doubt the Evidence of This Maryville Citizen?

You can verify Maryville indorsement.

Read this:

J. N. Bryan, retired farmer, 222 Eleventh street, Maryville, says: "At one time I was having trouble from my back and kidneys. I had an intense soreness just through the small of my back which gave me great pain when I tried to bend over or straighten up quickly. My kidneys acted so frequently that it weakened me. I saw Doan's Kidney Pills advertised and bought some from Love & Gaugh's drug store. Right from the first I found relief and as I continued using them I was entirely relieved of that trouble. It has been quite awhile now since I have needed to use Doan's Kidney Pills so I know the benefit is lasting."
